THE STATE ELECTIONS.

RESULT OF TUESDAY'S CONTEST FOR SUPREMACY AT THE POLLS.

The Republicans of Ohio Elect Their Favorite State Ticket, While the Democrats Score a Like Victory in New York—The Result Elsewhere—Comments.

COLUMBUS, O., Nov. 10.—Last night was one of the wildest ever known in this city. The people apparently were beside themselves. Republican returns were received at the city hall. About midnight it was announced that the state committee claimed the state by 25,000 plurality, but this was revised about 1 a. m. to 30,000 and 45,000. The committee insists that this is a conservative claim in view of the fact that the returns indicate a plurality of 35,000.

Governor Foraker sent a telegram to Whitelaw Reid, of the New York Tribune, estimating his election by 30,000 and a Republican majority in both houses.

The Democratic committee claim that they still have a chance on the general assembly and that the returns do not warrant the claim of the Republicans that they will have a working majority.

Chairman Dungan, of the Democratic state executive committee, was seen at 1 this morning before retiring, and conceded their defeat by about 15,000. He claims his estimate of a plurality of 4,800 for his party was very conservative, and was based on the best information obtainable from correspondents in every school district in the state. He spoke of the campaign as one of the hardest ever fought in the state, but the fact was against victory for Democracy.

Chairman Cappeller, of the Republican state committee, has sent out the following bulletin: "Foraker's plurality is at least 35,000. The legislature is Republican in both branches. This is a great victory of Republicans over the sectionalism of the solid south, of the purity of the ballot over fraud and forgery, of the wise and economic management of the state affairs over reckless extravagance, to all of which should be added the personal popularity of Governor Foraker and the brilliant and remarkable campaign that he made in the state against boodles and the influence of the national administration."

The latest returns from Cincinnati and Hamilton county show Foraker's election by over 6,000. He ran almost even with his ticket. Thomas E. Powell ran ahead of his ticket, showing the effects of the arrangement by which Seitz was slaughtered by his Union Labor friends. The balance of the Union Labor polled a heavy vote, almost equal to the Democrats. Elwin Stevens, for treasurer, did not run as well as was expected. The prohibitionists polled a very light vote. Every office in the county was bagged by the Republicans.

Governor Foraker was waited on about midnight by a large crowd who had just left the city hall. In response to cries for a speech, the governor said: "I thank the Republicans of Ohio for this magnificent victory. A majority of 30,000 as we have to-night will teach Grover Cleveland, Governor Gordon and the balances of them that we will have no more Southern Confederacy in this country. It will also teach Republicans that in order to be Republicans and be victorious they must come out flat-footed and declare themselves in no uncertain manner for human rights and human liberty. The vote to-day shows that we have no mugwumps in Ohio, and, what is more, we never will have any. My fellow citizens, I again thank you."

Cleveland Goes Republican. CLEVELAND, O., Nov. 10.—The Republicans are wild with delight. They had not given up hope of carrying the county, but they thought that the contest at the polls would be very close. They worked as they seldom worked before, and as a result the entire Republican ticket in this county has received a plurality of between 2,800 and 3,000.

New York. Nov. 10.—The voting in this city resulted in a complete victory for the combined Democracy. For the various state tickets about 215,000 votes were cast. Of these, Cook, the Democratic candidate for secretary of state, received 107,701; Grant, Republican, 57,949; George, United Labor, 38,347; Hall, Prohibition Labor, about 6,000, and the ballots for the Prohibition candidate and the scattering votes make up the remainder. The plurality for Cook is therefore 40,814.

The entire local ticket of combined Democrats was elected by varying pluralities. The vote on district attorney shows a plurality of Col. Fellows over Mr. Nicoll of 23,137. The United Labor candidate for district attorney, Louis F. Post, polled about 4,000 votes less than Mr. George. Fellows ran about 34,000 votes behind the Democratic state ticket.

Perhaps the most remarkable result of the entire city election was the breaking up of the Labor vote. This year Mr. George received not much over one-half of the vote which he obtained last year, when he ran for mayor. The Labor vote, it is believed by many, was diminished by the opposition of the Catholic church on account of Dr. McGinn's affiliation with the George movement.

The only Republican candidate for state senate elected in this city, was Cornelius Van Cote, in the Eighth district. Three Republican assemblymen were elected, Benson T. Morgan, Ernst H. Crosby and Robert Ray Hamilton.

Returns from 1,000 election districts outside of New York and Kings county give Col. Grant, Republican, 138,751; Cook, Democrat, 143,231; Huntington, Prohibition, 17,029; George, United Labor, 9,833. These returns, coupled with others, point to a Democratic victory by from 10,000 to 15,000 plurality. Of the election precincts 1,047 are in New York and Kings county, and in these the Democratic plurality is 55,000.

The returns from the state are not yet complete, but enough have been received to indicate that the senate and assembly remain Republican.

The present senate stands as follows: Republicans, 20; Democrats, 12.

The next senate, according to our present figures, which are not complete, will stand as follows: Republicans, 19; Democrats, 13.

The present assembly stands as follows: Republicans, 74; Democrats, 51. The indications are that this majority of 20 will be somewhat reduced.

The Sun prints the following telegram from ex-Speaker Samuel J. Randall at Philadelphia: "Philadelphia elects a Democratic sheriff and comptroller by 5,000 and 10,000 majority respectively. Pennsylvania over 10,000 Republican majority as an estimate at present; last year 43,000 Republican majority. We rejoice over New York state, city and Brooklyn. It settles the future."

Interest Taken at the Capital.

WASHINGTON, Nov. 10.—The elections caused quite as much interest in Washington as those occurring in presidential years. Ordinarily the Washington populace only grows enthusiastic when a president is to be elected. All night and until early morning every place where news was available was crowded. Thousands of persons lingered in front of the white screen where bulletins were displayed at the Post building until long after midnight. The Jefferson and Columbia clubs' headquarters were scenes of the most pronounced interest, and at the rooms of the United Press government officers, newspaper correspondents and other public personages were entertained with the latest information up to 2 o'clock.

At the executive mansion the president, Col. Lamont and Secretary Fairchild received copies of the returns from the respective press associations, and also from the telegraph company. The result in New York was very gratifying to them, and it was not until nearly 2 a. m. that Col. Lamont gave good night. The general management of the United Press in New York where the returns were received and compiled before being distributed, was highly complimented by public officers here for the very thorough, intelligent and prompt manner in which the news was handled, it being frequently stated that never before have election results been obtainable so early in the evening.

Dakota Wants a Division.

ST. PAUL, Nov. 10.—The vote in Dakota was very light yesterday except in the larger cities, where the local option question brought about a hot fight. The vote on the division of the territory was largely in favor of "two states." The "one state" forces lacked organization and at many polling places it was necessary for those who desired to vote against division to write their own tickets. The farmers are generally opposed to division, while the citizens of towns and cities favor it.

In Maryland.

BALTIMORE, Nov. 10.—The full city vote for governor is as follows: Jackson, Democrat, 34,567; Brooks, Republican, 27,834; Baldwin, Prohibitionist, 1,159. The advice from the state indicates the election of Jackson by 12,000, and the defeat of the constitutional convention. The Republicans show large gains on the eastern shore and in western Maryland, and the Democratic majority in the legislature will not be more than 40, against 55 two years ago.

New Jersey Goes Republican.

NEW YORK, Nov. 10.—The Sun says that returns from New Jersey this morning make it certain that the Republicans have elected at least four senators, thus holding control of the senate, and have also made large gains in the assembly, which will put that body in their hands. This insures the election of Republican successors to State Comptroller Anderson and State Treasurer Toffey, both Republicans.

In Pennsylvania.

PHILADELPHIA, Nov. 10.—Returns indicate a Republican majority of 20,000 in the state. The fight in this city has been between the Personal Liberty league, Democratic, and Republicans and ministers, who joined forces to prevent the carrying of the city by those "discreetors of the Sabbath," as they styled the league.

Senator Riddleberger's Successor.

RICHMOND, Va., Nov. 10.—The state went Democratic, even Senator Riddleberger's county changing from Republican to Democratic. The Democrats have a majority in the state assembly, which is equivalent to the election of ex-Congressman Barbour to the senate as Riddleberger's successor.

Governor Ames Re-Elected.

BOSTON, Nov. 10.—Oliver Ames, the Republican candidate for governor, is believed to be elected by nearly 17,000. The Republicans have also gained several senators and a dozen or two representatives. In some districts the fight was very hot.

Prohibition Defeated in Oregon.

PORTLAND, Ore., Nov. 10.—The Prohibition amendment was defeated by from 9,000 to 12,000 majority. In Portland the majority against it was 5,000, and it is believed that but two counties favor the "water movement."

In Rhode Island.

PROVIDENCE, R. I., Nov. 10.—The postponed election of representatives to congress from the second district resulted in a Republican victory. Warren O. Arnold, their candidate, has a plurality of 833.

Nebraska Goes Republican.

OMAHA, Neb., Nov. 10.—The state election was quiet, and resulted in the election of the Republican ticket by 30,000.

THE WAY THEY VIEW IT.

Results of Tuesday's Elections, as Seen Through Partisan Glasses.

CINCINNATI, Nov. 10.—The Commercial Gazette says editorially: "In Ohio the Republicans have not apologized for Republican principles or dallied with the fringes of things in the hope of picking up a few Mugwumps, but they have declared the whole gospel. When the broad banner of the Confederate bloody shirt was flaunted in the solid south they did not consider it alarming to unfurl the old flag of the free, and to set the bird of glory flying; and it is all right."

"The one thing that seems to be settled in New York and Massachusetts elections is that the Mugwumps are no more. They did not dare show themselves in Massachusetts, and disappeared from the face of the earth. They will probably pretend that they voted the Republican ticket, but it does not make an appreciable difference what they vote. The Republicans gain

largely in Massachusetts, and will continue to do so.

The Republican defeat in New York counts for Cleveland's nomination by his party for a second term, but he will have to run as a rough-and-ready Democrat of the hungry and thirsty kind, such as the Mugwump; call spottamen; and if the Republicans will fight their battles in New York as we fight them in Ohio, we shall a year from today elect a Republican president."

The Enquirer editorially says: "Outside of Ohio it seems to be a Democratic sweep. Fellows are handsomely elected in New York city, and the state ticket gets through by something like 20,000."

"Maryland in Democratic by not less than 12,000."

"In Philadelphia, the scene of a most excited contest, in which the Sunlay question played a prominent part, the Democrats win by a plurality of not less than 7,000."

"Virginia gives a grand Democratic victory, defeating Mahoue and all his recalcitrant tribe."

"Altogether the result of the day's work tends to the glory of the Democratic cause."

Comments of New York Papers.

NEW YORK, Nov. 10.—The world says editorially: "Mr. Fellows is elected district attorney. The power of the combined machines, with party passion and party fury, has proved too strong for what we believe to have been an honest and right protest of the public conscience. The great discrepancy between the vote that Henry George expected and the vote he actually gets in the state ought to convince him that he made a mistake in placing the stress of his appeal upon his preposterous land tax theory."

"The result of the election in this state settles three points as thoroughly as any political event can be settled in advance: 'President Cleveland will be renominated by his party.'"

"Mr. Blaine will not be renominated by the Republicans."

"Mr. George will not control the election next year."

"New York is the pivotal state. Mr. Cleveland's friends have had a complete triumph. They are entitled to the fruits of the victory. Grover Cleveland is, indeed, a lucky man, and James G. Blaine may be said to be a dead cock in the pit."

The Sun says: "The Democrats carried New York yesterday by a fine majority. The treacherous combine of Pullitzer and Platt was beaten. The Republicans lost heavily to the Prohibitionists, who have made gains, especially in the western part of the state. The George vote in the country districts was light, and it was much lighter than was expected in this city and Brooklyn. The Progressive Labor vote was small. Due credit for the cohesion and confidence that brought about the glorious result of yesterday should be given to Grover Cleveland, whose manly and sensible letter was as timely as it was wise."

What Henry George Says.

NEW YORK, Nov. 10.—Henry George says the United Labor party has met its Bull Run, not its Waterloo. Victory in the end is certain. The result proves that there are 85,000 men in New York who cannot be seduced away from a principle.

A FATAL BRIDGE ACCIDENT.

Fall of a Structure Spanning the Mammoes. Twelve Men Injured.

TOLEDO, O., Nov. 10.—At 4 o'clock Monday afternoon the bridge across the Mammoes, at Waterville, fell with a loud crash, carrying down with it a dozen men. Only ten minutes before the accident the dozen men employed by John Snyder, of Defiance, the contractor who has a contract with the county commissioners to tear down the rotten structure, commenced their work with axes and saws. A few blows weakened the timbers and prepared the way for the terrible accident. The span which fell was 170 feet in length. The timbers were thrown and scattered in every conceivable manner and shape. When the men felt the bridge sinking with them they tried to escape by running, but could not succeed in getting off from the falling structure, and were thrown a distance of fifty feet or more.

The first man flung out from the debris was John Jeffers, of Ironville, aged thirty-five. His legs were broken and his back crushed. He died shortly after being removed to the village. It was a sad sight to see his wife and three children, who are dependent upon him for support, when the accident was announced. Mrs. Jeffers is completely prostrated by the shock.

Byrne Burds was injured in the head and shoulders. His skull was crushed in and he may not recover. He lives at Mammoes.

C. E. Roland, of Grand Rapids, sustained severe injuries to his hips and shoulders. His injuries are severe, but may not prove fatal.

The others who are injured are Henry English, Al Colwell and J. Showers, and one workman whose name could not be learned. They will probably recover, although all have sustained very serious injuries.

Fell On a Hot Hot Stove.

CINCINNATI, Nov. 10.—Maggie Scott, a four-year-old child, living with her parents at 183 West Third street, was badly burned about 6 o'clock last evening. She was standing on a chair in the kitchen looking at her mother, who was cooking supper. The latter left the room for some purpose and while she was absent the girl reached over to look in a pot, and losing her balance fell over the red hot stove. The mother heard the child's cries and ran into the kitchen, finding the little one lying on top of the stove on her stomach. The mother, who became frantic at the sight, snatched the little girl from her horrible position. She was frightfully burned about the chest and abdomen, the flesh being literally roasted and falling to pieces. Dr. McGuire was called in and did what he could to alleviate the sufferings of the little one. He pronounced her condition very critical, with little or no hope of recovery.

Death of a Pioneer.

CINCINNATI, Nov. 10.—John Dubois, aged eighty-two, a pioneer resident of Madisonville, and father of Wilbur Dubois, of the postoffice, died at his home this morning from the effects of being thrown from a wagon several weeks ago. Mr. Dubois was well known in Cincinnati, having been engaged in the flour commission business here many years ago.

CONGRESSIONAL PROGRAM.

WHAT IS LIABLE TO OCCUR AT THE COMING SESSION.

A Struggle Promised for the Labor Vote. What Shall Be Done With the Treasury Surplus?—A Compromise Preceding May Answer the Question—Notes.

WASHINGTON, Nov. 10.—Now that election is over, the members of congress begin to come in. As they arrive they discuss the coming session and its probabilities and duties. They are all agreed upon one thing—that it is to be one of great political activity. The various party managers and party forces are doubtless to play a very active and important part in the operations of the session. From the very start there is to be a struggle.

The maneuvers for party advantage, always numerous and carefully planned, will be more than usually numerous and more carefully planned than usual. There will be not only the fight between parties, but the struggle to capture the labor vote, the temperance vote and everything else of this character.

One fight with which the session will begin will be that for the seat of Carlisle. The labor people are thoroughly determined in the support of Thobes, and the Republicans are, of course, encouraging them in it. They see in it, if admirably managed, opportunity to create intense feeling against the Democratic party among the members of the labor party, which Thobes represents. There is a strong disposition on the part of the Republican leaders to support Thobes in his contest, in the hope that such a course may bring the labor element closer to the Republican party. The Democrats, of course, see this, but just now they can go back on Mr. Carlisle, their leader, to keep friendly with the labor party, they do not understand.

As to the real work of the session. Of course the subject to be most prominent is, how to get rid of the surplus. The accumulations of last month are sixteen millions, and go on piling up month after month. "What will be done with this question?" It is something that every member of congress asks, and none can answer. Some of them express the belief that a tariff reduction measure may pass. A large proportion, however, are of opinion that a compromise measure, removing the tobacco tax and making a slight reduction in the tariff may be the best thing. Indeed, if the friends of a reduction on tobacco stand together in demanding this they will be able to secure it. Unless this is granted then it looks as though there might be a repetition of the experience of last congress on this question. It seems, however, that the necessities of the case must push congress into some action this time, for the surplus revenue goes on piling up at the rate of half a million a day. Either the revenue must be reduced or the treasury department authorized to pay it out in some way.

It is not improbable that congress, when it meets, and finds a claim for a means of getting the money out of the treasury, may authorize the purchase of bonds at a premium as a temporary relief, for of course that body would not feel equal to the task of acting promptly on the revenue reduction question.

A strong effort will be made this session to restore to the various states the war tax paid by them. A decision of the supreme court a few days ago restored to the states of Louisiana, Mississippi and Alabama certain funds due from sale of swamp lands, which funds had been withheld and credited against the unpaid war tax of those states. There have now been three decisions of the highest courts which have restored to the southern states a portion of the money which had been withheld from them upon this tax account. Now that the courts are restoring to the southern states the little share of the war tax which the government had pressed from them the demand for a return of the tax paid by the northern states will be renewed, probably with success.

It is evident that a hard fight will be made in favor of a government telegraph system, but not so certain that it will be successful. On the contrary, the indications are that the addition 50,000 government employees to the already large list of those under party control in the government service may induce the ambitious statesmen to content themselves with an inter-state telegraph bill, which shall control rates to a certain extent.

Of course, there will be the usual flood of worthy and many unworthy measures, which of course will go the way of all such measures in other congresses. There will doubtless be a good-sized river and harbor bill, and there will be a fight for good-sized appropriations all around, in view of the plethora in the treasury.

Our Toy Soldiers.

WASHINGTON, Nov. 10.—Adj. Gen. Drum, in his annual report to the secretary of war, states that the steadily increasing interest manifested by the militia of the states is evidenced by the high percentage of attendance at the annual encampments and the generally excellent military spirit of the troops. With the liberal increase of the appropriation made at the last session of congress for the benefit of the militia, is earnestly hoped that the state military authorities will, by an increased allowance of ammunition, foster and develop the efficiency of the rank and file in target firing.

He recommends the establishment during encampment of an officers' school for instruction in battalion drill and the administration of a post. He also suggests the advantage of holding weekly, during the winter months, a non-commissioned officers' school (the captain as instructor) for instruction in company drills, the duties of guards and sentinels, and the administration of a company. Young officers of the army could be spared during the winter to report to the adjutant general of states, on application of governors, to aid instruction of both officers and non-commissioned officers.

Their Services No Longer Required.

WASHINGTON, Nov. 10.—R. R. Bigby, of Indianapolis, a colored hold-over \$1,400 clerk in the office of the third auditor of the treasury, has been notified that his services would not be needed after the 1st of Dec.

The Triumph in New York.

The "battle of the ballots" is ended for this year, and the Democrats have got the best of it by long odds.

New York was the real scene of action. The fighting was done there. All eyes were centered on the Empire State, and the Republicans are enmeshed at their overwhelming defeat.

With so many tickets, so many "unknown" elements in the contest, and with some of their leading journals opposed to their nominees the Democrats were at times doubtful as to the result. The Republicans were confident in proportion as the Democrats were disheartened. But the clouds have cleared away, the fight has been made, and the Democracy emerge from the smoke of the battle with victory perched upon their banners. They are left in fine trim for the National contest next year, and the outlook for the future is bright.

Commenting upon the result in New York the Washington City correspondent of the Cincinnati Enquirer says: "The Empire State is looked upon as sounding the bugle for the battle of 1888, and the victory there assures five years more of Democratic administration as at present constituted in the United States. The contest in New York has been fierce, the vote large and the triumph signal."

"The Republican ticket was strong. The Republicans could have done no better than to make Colonel Grant their leader. Leading Democratic papers freely conceded the great strength of the opposing candidates. It would have been as much of a surprise for Ohio to go Democratic as for Virginia to go Republican."

"The result in New York emphasizes the position of the State as the great Presidential pivot, and indicates plainly where it will be found a year hence. New York will carry with it New Jersey and Connecticut, which are substantially outlying precincts, but which, nevertheless, cast electoral votes for themselves."

"Democratic success in New York this year also assures Indiana to the Democracy in 1888, and will have a commanding influence with Michigan and Wisconsin, and probably wheel Massachusetts into the victorious column."

"The New York election was the most important preliminary battle of the Presidential campaign, and the result is an almost unassailable promise of continued Democratic ascendancy, and the Republican nomination for President is likely to go begging."

AFTER all the Ohio Republicans did not do much better than they expected.

THE late elections did much towards shaping the Presidential contest next year.

THE Lexington Democrats had a big justification last night over the triumph in New York and Virginia.

WE wish to remind "our friends, the enemy," that New York's thirty-six electoral votes go a long way in electing a President.

WHILE elections are held in so many States on the same day, both Democrats and Republicans generally manage to suck some comfort from the returns.

THE Republicans are not singing "My Maryland" very much since the recent "battle of the ballots." It is as popular as ever, however, with the Democrats.

WITH New York, New Jersey, Delaware, Connecticut and a solid South, what more do the Democrats want? Who cares for Ohio, Pennsylvania and Massachusetts.

THE Breckinridge monument will be ready for the unveiling ceremonies on the 16th of this month. The appropriation of \$10,000 by the Legislature to erect the statue will be amply sufficient to finish the work and properly beautify its location.

ANOTHER Kentucky County (Bath) saddled a railroad debt of \$150,000 upon herself the other day. The Louisville Times remarks that "it is an easy matter to create a debt, if one has credit, and it is a vicious habit we have of voting tax-payers' money to corporations for any purpose."

IF the Democratic New York Herald succeeds in electing Fred Grant Secretary of State, and if the Democratic New York World succeeds in electing Delancy Nicoll, the Republican nominee, District Attorney, will it be a Republican or a Democratic victory?—Louisville Times.

Well, as both failed ignominiously in their attempt it is not worth while to discuss what sort of a victory it would otherwise have been.

The Result at Aberdeen.

The election here passed off quietly, and resulted in a big victory for the Democrats. The vote on the State ticket stood, Powell, (Democrat) 350; Foraker, (Republican) 262; Sharp, (Prohibition) 11. Foraker ran two ahead of his ticket and Powell one behind his ticket.

In the race for Judge of the Common Pleas Court Frank Davis, (D.), polled 352 votes to 237 for his opponent Dudley B. Phillips, (R.)

For State Senator the result is as follows:

FRANK L. LINDSEY, (D.).....351
W. S. B. RANDALL, (R.).....258
W. H. HANNAH, (P.).....14

THE vote on the county ticket was as follows for the two leading parties:

FOR REPRESENTATIVE.

W. W. PENNELL, (D.).....352
L. T. EARHART, (R.).....259

PRIVATE JUDGE.

ELL B. PARKER, (D.).....342
G. HAMBACH, (R.).....269

PROSECUTOR AT LAW.

D. V. PEARSON, (D.).....351
CHAMBERS BALD, (R.).....260

TREASURER.

J. P. RICHEY, (D.).....353
WILLIAM NEU, (R.).....259

CLERK.

Dr. Y. STEPHENSON, (D.).....351

ADAMS-LEWIS, (R.).....351
JACOB GROSS, (R.).....261

Atwood, the Republican nominee for Commissioner, is a wealthy colored citizen of Ripley. As will be seen he was badly "scratched" by his party. He must have been too much for the white Republicans to stomach.

The real object which General Henry R. Jackson had in making that "secesh" speech a few days ago down at Macon, Ga., is known at last. His remarks were uttered to injure Cleveland for recalling him from that appointment in Mexico. But Jackson is looked upon with as little favor in the South as Foraker is in the North. In alluding to this matter in a speech the other day that noble old Roman, Hon. A. G. Thurman, of Ohio, paid his respects to Mr. Foraker in the following strong language:

I venture to say that Joseph B. Foraker—if that is his name—I venture to say that man has been doing more for the last three months to make secession, to make disunion, to separate this great Republic, than all the utterances that all the Jacksons that ever wore that name made.

Senator Thurman's remarks were loudly applauded. They express the sentiment of the honest-thinking people of the country.

Stock and Crops.

Dick Stump gathered 150 barrels of corn from 15 acres in Harrison County.

Kaloolah, by Longfellow, won \$14,000 the past season, and the gets of Longfellow, \$82,000.

R. P. Thomas, of the Concord neighborhood, sold his new crop of tobacco—10,000 pounds—at 15 cents.

Owing to the continued high prices of burley tobaccos, manufacturers have advanced the price 2 cents per pound on the manufactured article.

A strange disease is reported among the horses in the Helena neighborhood. Dr. Daugherty has lost one, and has two more down with the complaint.

A. H. Bedford refused 17 cents per pound for his crop of tobacco Monday, and R. B. Hutchcraft refused 14 cents. The farmers here are talking 20 cents.—Paris Kentuckian.

Amos Means, who lives in Lewis County, had a valuable mare badly burned in a forest fire last week. She was tied to a tree and unable to get loose when the fire surrounded her.

By sowing plenty of clover and grass seed on corn ground at the last working of the crop, Daniel Lee, of Nashville, Tenn., has never failed to get a stand of clover and grasses, such as red top, timothy, orchard grass, oat grass, blue grass and meadow fescue.

A Tennessee farmer, whose land was under mortgage and about to be taken away from him, fell on his knees in the field in prayer. When he got up he seized the plow with a new grip, gave the mule a vigorous lick, and before he went twenty feet he turned up a jug with over \$300 in gold and silver in it.

What can be more disagreeable, more disgusting, than to sit in a room with a person who is troubled with catarrh, and has to keep coughing and clearing his or her throat of the mucus which drops into it? Such persons are always to be pitied if they try to cure themselves and fail. But if they get Dr. Sage's Catarrh Remedy there need be no failure.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for consumption, coughs and colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. Trial bottle free at the drug stores of J. C. Pecor & Co., and S. P. Campbell & Co., of Aberdeen Ohio.

Effects of a Bank Failure.

St. Louis, Nov. 10.—The St. Louis Planting Mill company has failed on account of the collapse of the Fifth National bank. The mill closed yesterday, and has made out a bill of sale to the bank for \$75,000. It is feared that another business house will be compelled to suspend this week on account of complications growing out of the bank failure.

Died for His Gold.

TIFFIN, O., Nov. 10.—The residence of George Rospert, near Attica, was burned with all its contents yesterday. Mr. Rospert, who is a man seventy years of age, rushed into the burning building to save \$400 in gold and silver, which he had concealed in the house. He was so horribly burned that he died in a few hours.

Directors of the B. & O. Meet.

BALTIMORE, Md., Nov. 10.—The regular monthly meeting of the Baltimore & Ohio directors was held to-day. Mr. William F. Burns presided. Senator A. P. Gorman, who was appointed as state director, qualified and took his seat. The report of the earnings and expenses for the fiscal year ended September 30, 1887, was submitted and approved and will be submitted to the stockholders on November 21. The revenues for the year were in round numbers \$20,000,000, and the net earnings \$6,500,000. A full explanation of the transaction with the Drexel Morgan syndicate was made to the board, and likewise an explanation of the consolidated mortgage which is to be executed to secure the consolidated mortgage bonds. This mortgage was not ready for presentation to the board. It will be submitted for final action at the meeting on November 21.

Hanged Their Men for Spite.

CHARLESTON, W. Va., Nov. 10.—In an interview with the sheriff of Jackson county, who lives near the section of Roane county where Rev. Ryan was murdered last month, he said that the men who lynched Coon and Duff composed a gang which has been fighting the Duffs for years, owing to the fact that they assisted the United States marshal in making arrests to break up the moonshiners, to which it is alleged that the lynchers belong. Every effort is being made to bring the lynchers to justice, and the people are divided into two factions. The impression in Roane and Jackson counties is that Ryan was murdered by others than they who were lynched. There is one thing certain, and that is there is a great mystery about the whole affair.

A County Without a Court House.

SUMNER, Ill., Nov. 10.—The supreme court decision reversing Judge Jones' ruling in the Petty township case causes great excitement in Lawrence county. Its origin was an attempt to build a new court house in Lawrenceville. Last fall's election included a proposition to issue bonds. The returns from Petty township consisted of merely the blank form. The township was thrown out by the circuit court deciding the election in favor of the bonds and nunciating Adams, the county clerk. The old court house was torn down and Lawrence will probably be without one for several years.

Attempted to Wreck a Passenger Train. HAMMOND, Ind., Nov. 10.—A daring attempt was made yesterday to wreck a passenger train near here. Some one broke open a switch on the Midland Central side track, one mile west of Hammond. The way freight running ahead and on the time of the passenger train due here at 4:57 p. m. dashed into the cars on the side, overturning the engine and breaking some fifteen or twenty cars. The train men saved themselves by jumping. Damage about \$15,000. Had the crowded passenger train been on time the loss of life would have been appalling.

"NUMBER THIRTY-THREE."

The Lost M. and L. Railroad Bond at Last Comes to Light—It Calls for \$2,380 or More.

On the 4th day of January, 1851, the people of Mason County voted \$150,000 to the capital stock of the Maysville and Lexington Railroad. There was a majority of 543 votes cast in favor of the subscription. The County Court made the necessary orders and the bonds were issued. Each was for the amount of \$1,000, with interest at 6 per cent. The bonds were dated "July 1, 1851," and were payable thirty years after date, that is on July 1, 1881.

Previous to 1855, the Sheriff paid the interest as it fell due. After that date the Treasurer of the Sinking Fund of the county paid the coupons as they became due year after year. At the same time, a few of the bonds were purchased by the Treasurer each year. By the time they fell due most of them had been bought up by the county and destroyed. The last of the debt was paid two years ago, with the exception of bond No. 33, and the attached coupons.

Until yesterday the supposition for years had been that this bond No. 33 was lost and would never be heard of again. The belief was that it had been destroyed by some fire. In the mail received yesterday by the First National Bank was a registered letter. It came from S. Kuhn & Sons, bankers, of Cincinnati, O. It was found to contain the long lost bond, and had been sent to the bank for collection. It calls for \$1,000 which with the forty-six unpaid coupons—amounting to \$1,380—will make \$2,380 the county will have to pay. The interest on the bond from 1851, the date of its maturity, will add a few hundred dollars to the amount to be paid.

Where the bond has been all this time is, of course, a mystery. It is signed by Lewis Collins and R. A. Cochran, who were respectively Judge and Clerk of the County Court at the date of its issue, 1851. It bears an endorsement from the railroad company dated August 31, 1852, and signed H. Waller, President, and Joseph F. Broderick, Secretary, guaranteeing the payment of principal and interest.

No provision was made for the payment of the bond by the last Court of Claims, as it was not expected to turn up.

Negro Killed at Higginsport. A negro, whose name has not been learned, was shot and killed at Higginsport Tuesday evening at 8 o'clock by a barber named Osborne. The ball entered the victim's head and passed entirely through, death resulting instantly. The two, it is reported, had had previous trouble over a woman.

Sudden Death From Heart Disease. Lewis Stevens, an old and highly respected farmer, dropped dead at his home near Fern Leaf this morning. His sudden death is attributed to heart disease. He was about seventy years old. His wife and three children survive him. The wife of Squire Wesley Vicroy, of this city, is one of the surviving children.

Fatally Wounded by a Blast. A man named Gregory, foreman in charge of a gang of convicts employed on the Maysville & Big Sandy Railroad, was dangerously hurt yesterday morning by a premature blast. One of the convicts also was wounded. The accident happened at Stepstone opposite Moscow. Their injuries are very severe, and a dispatch says neither can recover.

A Sad Case of Poisoning. Is that of any man or woman afflicted with disease or derangement of the liver, resulting in poisonous accumulations in the blood, scrofulous affections, sick-headaches and diseases of the kidneys, lungs or heart. These troubles can be cured only by going to the primary cause, and putting the liver in a healthy condition. To accomplish this result speedily and effectually, nothing has proved itself so efficacious as Dr. Pierce's "Golden Medical Discovery," which has never failed to do the work claimed for it, and never will.

A Bevy of Kentucky Beauties. The Cincinnati Enquirer says: "The Shakespeare Club of the Young Ladies Seminary, of Harrodsburg, (Daughters' College), has sent on as pretty a delegation of fair young lovers of the immortal bard as ever passed the verb 'je t'aime.' The party is here for a four days' enjoyment of Booth and Barrett and consists of the following young ladies, under the chaperonage of Mrs. Amy Williams: Miss Anne Smith, Miss Ad Hodkins, Miss Lucy Tate, Miss Sadie Pickett, (of Maysville), Miss Anna Frazer, (of Maysville), Miss D. Chenaunt, Miss Ida Reynolds, Miss Naomi Forsyth, Miss Ann Sharkey, Miss Nancy Ragland, Miss May Dunn, Miss Romaine Pruden, Miss Betty Tiernon, Miss Fay Kyle, Miss Neville Davis, Miss Florida Gibson, Miss Sally Moran."

NATURAL GAS.

A New Contract Entered Into With E. W. Evans for the Sinking of Another Well.

The Directors of the Maysville Natural Gas Co. have annulled the former contract made with R. W. Evans, and have entered into a new one. The new contract is for a well 475 feet deep, for which he is to receive \$1,000—one-half to be paid when the work of drilling begins, and the balance upon completion of the well. When gas is reached it is the intention to "shoot" the well with nitroglycerine, as it is now believed that the former well would have been a success if this course had been pursued when gas was struck.

To meet the expense of the new undertaking the Directors will make a call upon the stockholders for the remaining 30 per cent. of the subscription, which they hope will be paid promptly. Any money not expended will be returned pro rata to the stockholders.

The Directors have been induced to pursue this course, because of a similar arrangement at Felicity, O., through which an abundant flow of gas was secured.

THE Fleming Gazette says Judge James Kenton, of Robertson, will wed a young lady of Mason County, but does not give the date.

NEW YORK is the real battle-ground of the two great parties, and the Democrats have cause for rejoicing over the result of the recent election. It was a glorious victory, indeed.

ABOUT forty more convicts were brought here on the train last night. The steamer Hattie Brown was in waiting and took them down to Dover, where they are to be worked on the Maysville & Big Sandy Railroad, by Mason, Munday & Co.

CAPTAIN HENRY GREEN has bought S. R. Brooks' interest in the Ashland Hotel at Lexington, and it is reported Captain George Collier, of this city, will go into the house as a partner. The Carlisle Mercury says: "No better firm could be organized."

THE Covington correspondent of the Cincinnati Enquirer says: "There was a big jollification on the Ohio River Tuesday in the neighborhood of the caissons. Bells were rung, whistles were blown and the people were yelling. All caused by the completion of the caissons."

HENRY STOKER, of Nicholas County, has filed suit against Mason Johnson, a rich farmer and trader, of Nicholas County, claiming damages for slander, in saying that he (Stoker) had stolen his sledge hammer. Stoker has employed Colonel Thomas Kennedy and Ben H. Robinson to prosecute the suit.

F. A. BULLOCK has been promoted to the position in Internal Revenue Collector Robinson's office rendered vacant by the resignation of Professor W. L. Threlkeld. Mr. Threlkeld resigned to accept the position of Secretary of the Lexington Trust Company. E. P. Shelby, Jr., takes the place made vacant by Mr. Bullock's promotion.

Sol Smith Russell.

We are pleased to announce that on Wednesday, November 16th, the famous comedian, Mr. Sol Smith Russell, will appear in this city. In the line of what may properly be classified as refined comedy, Sol Smith Russell is said to have no superior in this country. All those who have seen him know that his impersonations are somewhat marvelous. Long ago he won his way to a deservedly high place in the genuine admiration of the American public. A more remarkably many-sided man could hardly be imagined. No other man can now be recalled who has in so complete development the faculty of metamorphosis. Work of so true a ring and fine a quality as his does not pall; it grows with acquaintance, and Mr. Russell has the good fortune to be longed for. Many will be glad to learn of his coming.

Seats are now on sale at T. Tyler's. General admission 50 cents; balcony 35 cents; gallery 25 cents. Reserved seats 75 cents.

AN Indiana physician predicts epidemics of typhoid and malarial fever after the present severe drouth. He says a great deal of vegetable and animal matter has been destroyed in the earth by the dry weather, and when the rains come this decaying vegetation &c. will poison the water of wells and springs. He advises the use of pure water for drinking purposes and says: "Rain water should be obtained as far as possible. The head of every household should take care that to the greatest possible extent ordinary spring, river and well water be not used until it has been filtered and boiled; boiling is an almost certain preventive. It is easily done, and to neglect it is inviting death into the household and preparing for 'fat' graveyards during the coming winter."

FRANK HAUCK and Miss Mary C. Dinger were married at noon to-day at the residence of Mr. William Trouts, on Market street, by Rev. W. S. Priest. The wedding was a private one, only a few relatives of the couple being present. Mr. and Mrs. Hauck left on the 1 o'clock train for Wichita where they will make their home for the present.

Misses Iva Bridges and Corrie Porter are visiting at "Edgewood" and Washington.

Special Deputy Collector John C. Lovel was at Lexington yesterday on revenue business.

THE HOUR DRAWING NEAR

CONDEMNED ANARCHISTS RAPIDLY APPROACHING THEIR DEATH.

The Mayor and Police Constant of the City's Safety—Lange and Parsons Issue Manifesto—No Excitement at the Fall—Other Incidents.

Chicago, Nov. 10.—All is quiet about the city building, and little excitement is felt over the Anarchists' case. The mayor and police are silent regarding their intentions, but they are ready for anything which may occur. Chief Eberhard said that he had been on guard at the telegraph department and at various other places which he did not care to mention. He has held various conferences with Mayor Roche, but on what subject could not be learned.

The police are very reticent as to their plans and movements, for the reason, they claim, that their intentions might be defeated if exposed. They express every confidence in themselves, however, and state that they feel fully able to cope with anything which may transpire. Mayor Roche said, when spoken to in regard to his part in the matter of keeping order, that he had nothing personally to do with the question, but he had ordered the heads of the departments to report to him events as they transpired. He thought that it did not behoove him to express any opinion upon the question, as it might have an effect on the people not intended. He was kept aware, however, of passing events, and would do all in his power to preserve order.

Sheriff Matson said that if he did not hear from the governor soon he would begin arrangements for the execution. "Jailer Fols and deputies, whom I have not yet selected, will adjust the process, and I will be present to superintend the whole, while a force of deputy sheriffs, police and bailiffs will be in readiness to render any assistance necessary," he said. "As provided in the statutes of this state I will swear in a jury of twelve, two of whom must be physicians, to view the bodies. They and the lawyers in the case and the press representatives will be the only ones allowed to witness the execution. The 'Penny County' reporters and 'patent inside' fakirs will not be allowed in, and a small army of these country press gentlemen who have requested passes will be disappointed, and only the representatives of the Chicago press and the big dailies in other large cities will be the lucky or unlucky ones, just as you please to put it."

Spies, Heiden and Schwab signed a new and milder petition Tuesday afternoon. It was drawn up by Capt. Black and Mr. Katter. They ask for justice, and discard all arguments that have accompanied former pleas for the governor's interference. Lange, Engel, Fischer and Parsons are still resolute, despite the protestations of their wives and sweethearts.

The sheriff is evidently not pleased with the prospect of the ghastly business before him, and he looked as solemn as a Dominican monk during the time he was giving the details of the nerve destroying preparations. But the sheriff has plenty of American pluck, is far from being chicken hearted, and will do his duty without flinching.

Lingg, the condemned bomb maker, has written a manifesto, which he intended to be published after his death, but which has fallen into the hands of the reporters. In it he says that he realized fully that he and the other condemned men could have been saved if they had asked clemency, but he believed that the working classes would feel served by their death. "Unless laboring people can get their rights by legislation," he says, "revolution is not far distant. The hanging of the condemned may be regarded as murder, and in that case it will be the sooner result in the overthrowing of the tyrants of capital and monopoly."

Parsons has also issued a statement, but it contains nothing bearing on the question of clemency nor of the execution. It is a recapitulation of his connection with movements for the improvement of the condition of the workingmen, particularly the negroes, and his reasons for adopting this course through life. It is addressed to Schilling.

Judge Gary's Interest in Fielden. Chicago, Nov. 10.—Judge Gary has instructed to Mr. Johnson, who has taken the lead among Fielden's former employers in securing clemency for him, the following letter:

"CHICAGO, Ill., Nov. 8, 1887. The Hon. Richard J. O'Leary, Governor, Etc. 'DEAR SIR:—On the application of Samuel Fielden for a commutation of his sentence it is not necessary as to the case itself that I should do more than refer to the decision of the supreme court for a history of his crime. Outside of what is there shown, there is the nature and private character of the man, a natural love of justice, an impetuosity at all unde-

JUDON J. E. GARY, served suffering; an impetuous temper, and an intense love of and thirst for applause of his hearers, made him an advocate of force as a heroic remedy for the hardships that the poor endure. In his own private life he was the most industrious and peaceable laboring man. In what he said in court before sentence he was respectful and decorous. His language and conduct since has been irreproachable. As there is no evidence that he knew of a preparation to do the specific act of throwing the bomb that killed Deagan, he does not understand even now that general advice to large masses to do violence makes him responsible for the violence done by reason of that advice, nor that being joined with others in an effort to subvert law and order by force makes him responsible for the acts of these others tending to make that effort effectual.

"In short, he was more a misguided enthusiast than a criminal, conscious of the horrible nature and effect of his teachings and of his responsibility therefor. What shall be done in his case is partly a question of humanity and partly a question of state policy, upon which it seems to me action on the part of your excellency favorable to him is favorable. I attach this to a copy of his petition to your excellency, and refer to that for what he says of the change that has come upon himself. Respectfully yours, etc., 'JOSEPH E. GARY.'"
